

## Obituary from PPA

### Condolences to the family of the late Prof. Dr. Dilshad Qureshi

The late Professor Dr. Dilshad Qureshi.

Pakistan Pediatric Association (PPA) announces with extreme sadness the passing away of our beloved Prof. Dr. Dilshad Qureshi of sudden cardiac arrest on 29th July 2020.

Professor Dilshad was Head of the Department of Pediatrics at Bolan Medical college in Quetta Balochistan. In addition she was also President of Pakistan Pediatric Association Balochistan Branch for 2018 to 2020 and Chairman of Neonatal group of PPA.

There are no words to describe the grief and sense of loss of every member of PPA at her sudden demise.

She was an intelligent but very soft spoken bright leader of Pediatrics in Balochistan, a province which is struggling to develop in all areas including the health of children. Reaching at highest ladder in a gender sensitive, patriarchal society of Balochistan is insurmountable task for a woman. She was a sincere, dedicated pediatrician always struggling to improve the health of the children in Balochistan, a teacher, examiner and mentor to so many students and postgraduate students. She will be very much missed by PPA for long time to come for her dedicated services to children of Pakistan in general and Balochistan in Particular.

Prof. Dr. Mumtaz Lakhani  
Secretary General, PPA
