

## **Nomination for Outstanding Asian Pediatrician Award (OAPA)**

Before the Asia Pacific Congress of Pediatrics (APCP) events are held, APPA would invite its member countries to nominate one (1) candidate to receive the Outstanding Asian Pediatrician Award (OAPA).

The nominated candidate is expected to have contributed towards improving the health of children not only in his/her country of origin but also involving child health in the Asia Pacific region.

The candidate may not necessarily be from the nominating country of the respective Paediatric Association or Society.

**Each country can nominate one (1) candidate only.**

An official letter of the nomination from the respective paediatric organisation, a photograph of the candidate, along with abbreviated curriculum vitae (CV) are required.

- **The APPA Secretariat in Kuala Lumpur, Malaysia.**
